Our Quality Standards

Good quality wood is **properly sorted out**, before manufacturing.

Wood is treated to **fight termite attacks**

The door & windows are machine manufactured by advanced machinery. The door & windows are machine finished, thus giving a very good finish. The polishes are fully water resistant, hence increasing the life of the product.

artwins

Wood is seasoned artificially in steam drying kilns with the help of latest technology.

Since the product are machine manufactured, the delivery is done on time.
Hence the customer saves is precious time and energy.
Joinery and dimension accuracy of products is up to mark.
